

Horrabridge Parish Council

Financial Risk Assessment and Management Policy

FINANCIAL MANAGEMENT POLICY

Definition of Risk Management

Risk is the threat that an event or action will adversely affect an organisations ability to achieve its objectives and to successfully execute its strategies.

Risk management is the process by which risks are identified, evaluated and controlled. It is a key element of the framework of governance together with community focus, structures and processes, standards of conduct and service delivery arrangements.

Risk Policy Statement

Horrabridge Parish Council recognises that it has a responsibility to manage risks effectively in order to protect its members, staff, assets, liabilities and the community against potential losses, to minimise uncertainty in achieving its goals and objectives and to maximise its opportunities.

Approach to Risk Management

The council's approach to risk management is to attempt to identify and manage risks in the most cost-effective manner within overall resources available.

Identified risks are recorded in the risk assessments, and the likelihood and impact are assessed. The council is aware that some risks can never be eliminated fully but endeavours to minimise risk by putting control measures in place where possible.

Risk identification forms part of the day to day work of the Clerk, staff and members and is considered throughout all aspects of council business.

Responsibility for Risk Management

The Council recognises that it is the responsibility of all members and employees to have regard for risk in carrying out their duties.

If uncontrolled, risk can result in a drain on resources that could better be directed to service provision. This policy recognises that any reduction in the risk of injury, illness, loss or damage benefits the whole community.

Review

The Policy and Risk Assessment will be reviewed and updated as and when a new risk is identified, the likelihood or impact changes, or at least annually.

FINANCIAL RISK ASSESSMENT

Subject	Risk/s Identified	Risk Level H/M/L	Potential Impact H/M/L	Management/Control Measurers	Review/Assess/Revise
Payments	Goods not supplied but invoiced, invoices incorrect, invoices unpaid.	L	M	All invoices recorded and filed on receipt.
